PERSONAL PORTFOLIO WEBSITE | PERSONAL PROJECT
HTML5 • CSS3 • JavaScript (ES6) • Bootstrap • DOM • Adobe Creative Suite • Git • GitHub Pages • Agile Methodology
• Created a responsive, web portfolio that I designed and built with HTML5, CSS3, JavaScript (ES6)
• Implemented fun and interactive animations throughout the website utilizing the Document Object Model (DOM), event listeners, and self-made, custom CSS animations
• Utilized Bootstrap media queries and CSS functions (e.g., clamp, min, max) to make the website fully responsive

NOV 2021 – DEC 2021

DELMOURE COLLEGE WEBSITE | PERSONAL PROJECT
HTML5 • CSS3 • JavaScript (ES6) • Bootstrap • PHP • DOM • Adobe Creative Suite • Git • GitHub Pages
• Utilized HTML5, CSS3, and JavaScript (ES6) to build a responsive, mock college website from scratch
• Utilized Bootstrap media queries and the Document Object Model (DOM) to create a responsive navigation bar

OCT 2021 – NOV 2021

FORM VALIDATION APP | PERSONAL PROJECT
HTML5 • CSS3 • JavaScript (ES6) • Bootstrap • DOM • Git • GitHub Pages
• Built a responsive, form validation web app with plain HTML5, CSS3, JavaScript (ES6), which validates form fields
• Utilized the Document Object Model (DOM) and regular expressions to validate form fields for a set of criteria, that I have created myself, and then display any error messages informing the user of the form's criteria

NOV 2021

COLLECTION OF C PROGRAMS | PERSONAL PROJECT
C Programming Language • Agile Methodology
• Developed a variety of mini programs purely using the low-level language C, which allowed me to strengthen my programming fundamentals, understandings, and practices
• Programs include a game, change maker, finance forecaster, journaling app, and bank account ticketing system
